### Serving Public Agencies

All cooperative agreements are competitively solicited and publicly awarded by a lead public agency/government entity (e.g. state, city, county, public university or school district), utilizing the best public procurement practices, processes and procedures. These lead agencies are considered some of the best public procurement organizations in the nation and are available to answer questions or discuss the contracting process in detail.

By utilizing these cooperative agreements, agencies eliminate duplication of effort, saving valuable time, money, and resources.
