

Bringing Your Benefits Vision to Life

Unlocking Your Potential

You are unique. Your employees are unique. You deserve a market-changing benefits technology partner that is focused on what you want and what your people need. Through stability, personalization, and innovation, it is our mission to deliver benefits technology with heart.

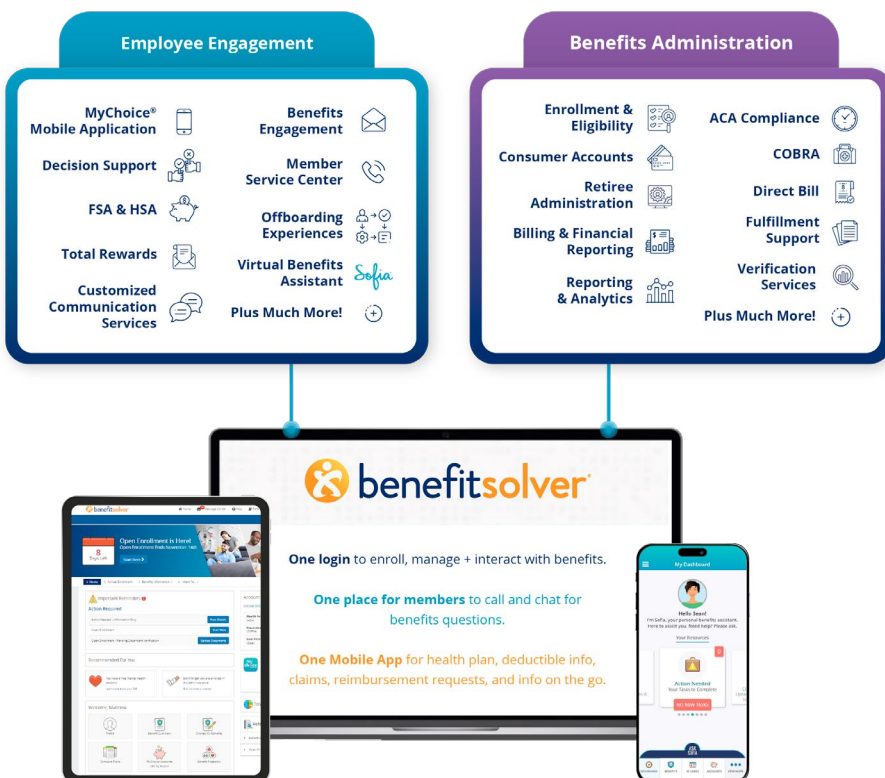

TECH WITH *heart*

Getting to Tomorrow, Together

Your people are consumers, looking for ways to better use their benefits. And they don't want to do it alone. We've built our technology and services on creating better outcomes. Making sure we support your people, from selection to activation of benefits.

Ultimately, it's your benefits vision. Let us help you get there.

Benefitsolver provides an ecosystem that allows employees to engage with their benefits year-round and provides administrators with a configurable system that grows with your needs.

Single-Source Solution

Integrated resources streamline your company's benefits administration needs.

Web-Based Enrollment

Employees easily view plans, enroll, and make changes.

Eligibility and Status

Rules-based configuration ensures data and status integrity.

Fully-Integrated Reporting

Real-time, online tools provide information and insight.

Licensed Participant Support

Service Center representatives offer high-touch, trusted support.

Benefits Communications

Engaging year-round content delivered where and when your employees need it.

Privacy and Security

Employee privacy and security safeguarded with the highest level of cybersecurity in the industry.
