

Spending Account Administration

When correctly administered, spending accounts can be a valuable investment that employees make in their own health and financial well-being. We want to help your employees save their hard-earned money on those every day, necessary expenses. That's why we partnered with WageWorks. Their comprehensive set of Consumer-Directed Benefits (HSA, HRA, FSA and Commuter) are designed to engage and delight participants while streamlining administration, saving you time and money.

- **Technology Platform:** WageWorks delivers Consumer-Directed Benefits through a highly scalable Benefits-as-a-Service, or BaaS, delivery model. This flexible platform supports all available health plans and delivers a complete and completely accurate view of all benefit accounts.
- **Client Service:** WageWorks is available to answer member's account questions. They provide you with a toll-free client services hotline so help is always just a phone call away.
- **Education:** WageWorks makes it easy for your employees to learn more about their benefits and determine how best to use them to save the most money.
- **Ease of Use:** Easy payment options are available based on the type of spending accounts.
